Direct debit details

Good to know: If you pay via monthly debit, we will collect the contributions remaining up until the end of your membership in a lump-sum payment from the account specified to us. If you have already paid your semester contribution to us in advance, we will check to see if you are eligible for a pro rata contribution refund.

My bank information is still up to date. I consent to TK debiting the contributions up until the end of my membership with immediate effect.
